Community Youth Program

All adolescents, in all economic and social circumstances, need generous amounts of help, instruction, discipline, support, and caring as they make their way from childhood through adolescence and into adulthood.

There is growing concern for our youth who are facing daily challenges. They could greatly benefit from enjoying activities with other children. The Cayuga County Youth Bureau has funding to help our local community organize programs for youth and assistance with setting up a local program.

If you are interested in learning more about how you can help set up a local town program,
